RE: NOTICE OF IMPLEMENTATION OF TERMINAL OPERATING GUIDELINES FOR TRANSNET PORT TERMINALS RO-RO, BREAK-BULK & AGRICULTURAL, BULK AND RO-RO AUTOMOTIVE TERMINALS

Transnet Port Terminals ("TPT") thanks you for responding to its invitation for comments sent to Industry on 15 November 2010 and for the valuable input received from you, our stakeholders, in respect of the new Terminal Operating Guidelines ("TOG") which is being adopted at TPT's Ro-Ro, Break-Bulk & Agricultural Terminals as well as at the Bulk and Ro-Ro Automotive Terminals.

TPT has consequently considered and consolidated all comments received from industry which has resulted in certain amendments to the TOG.

The new Terminal Operating Guidelines will no doubt, as an element to planning vessel calls, add value to promote the operational efficiency of the TPT Terminals.

Please note that a Final Version of the TOG is available on TPT's website, for implementation with the effective date being 1 April 2011.

Since this is a new improved process, the situation will be closely monitored over the next twelve months to provide inputs for any changes deemed necessary in promoting fluidity to this planning process.

Kind regards

Nosipho Damasane
